Details of amenities

You enter the apartment through your own front door at street level. The vestibule and spacious hall provide access to all rooms of this perfectly laid out home, and there are also several spacious built-in wardrobes here.

Living room & Kitchen

On the left is the light, attractive living room with custom-made wardrobes, an integrated gas fireplace and spacious sitting and dining areas. The luxurious open kitchen with cooking island is the beating heart of the house and is equipped with every conceivable high-quality built-in appliance: dishwasher, large fridge/freezer, combi oven, induction hob with internal extraction, Quooker with sparkling water function and a sea of storage space thanks to the smart custom cabinets.

Smart, dimmable lighting creates any desired atmosphere – bright during the day, intimate in the evening – with control via wireless switches or an app. Atmospheric lighting has also been installed in the garden, so that you can optimally enjoy the outdoor space in the evening.

Through double patio doors you reach the sunny, beautifully landscaped garden facing south. Two comfortable sitting areas have been created here, a sunny lounge terrace and a sheltered dining table under the beautiful plane trees. The barn offers plenty of storage space, with the possibility of redevelopment into a guesthouse or home office.

Bedrooms & Bathrooms

On the right side of the apartment there are three well-sized bedrooms, all equipped with smart built-in wardrobes for maximum functionality.

The spacious master bedroom borders directly on the garden and has a walk-in closet that leads to the luxurious en suite bathroom. This is equipped with a spacious bath, double walk-in shower, custom-made furniture with double sink and a toilet. The bathroom is also accessible via the hall.

The second bedroom at the rear also offers direct access to the garden. The third bedroom at the front has its own bathroom en suite with shower and sink.

In the heart of the house is a separate luxury Japanese toilet with built-in bidet and a very practical laundry/storage room with plenty of cupboard space.

FINISHES & TECHNOLOGY

Throughout the apartment there is a high-quality oak herringbone parquet floor with fully integrated underfloor heating in various zones. All bathrooms are also equipped with comfortable underfloor heating.

The house is excellently insulated: ceilings, floors and the rear facade have been tackled, and all window frames have been renewed in the style of the municipal monument, with HR++ glazing for optimum comfort and energy saving.
