Within the exclusive residential context Le Corti all'Alzaia, surrounded by greenery and tranquility while being just a few minutes from the heart of Milan, we offer for sale a refined two-level apartment of 108 square meters, recently renovated with very high quality finishes and materials.

The property is developed on the second and third floor and is connected by a striking glass staircase, a true distinctive architectural element. The entrance opens onto a large living area with an open kitchen with a contemporary design, perfectly integrated with the living area. The living room overlooks a livable terrace, ideal for outdoor dining overlooking the well-kept condominium garden. An elegant bathroom with shower completes the floor.

On the upper level, embellished with exposed beams that lend warmth and character to the room, there is a spacious master bedroom with freestanding bathtub, a second windowed bathroom and a generous walk-in closet, currently used as a wardrobe but easily converted into a second bedroom or a study.

The apartment is equipped with a central heating and cooling system via fancoils, as well as an added autonomous air conditioner for added comfort. A convenient basement cellar completes the property.

Unique solution, ideal for those seeking elegance, comfort and tranquility in one of the most desirable areas of Milan.

Absolutely must see.
