A first impression

This exclusive project is currently being built on a generous plot of approx. 33,280 m² in a unique natural setting with unobstructed views of the surrounding landscape.

The property has been perfectly adapted architecturally to the gently sloping terrain and combines high-quality, local materials with state-of-the-art technology.

The open-plan living and dining area forms the heart of the house. A striking fireplace stylishly separates the two zones. From here, you have direct access to the spacious sun terrace with magnificent views, which flows seamlessly into the pool area. The adjoining kitchen completes this area and also offers a separate breakfast terrace facing east.

All bedrooms are located in the separate, two-storey wing of the house. The first floor houses the spacious master bedroom with its own dressing area and en-suite bathroom - complemented by a private studio. Three further bedrooms are planned on the upper floor, each with its own en-suite bathroom.

The basement offers a garage for up to three vehicles as well as the possibility of creating a bodega and a fitness room with natural light. A further bedroom with its own bathroom is also planned - ideal for guests or staff.

The high-quality technical features include underfloor heating via a heat pump, integrated air conditioning in all rooms and an independent water supply via its own deep well.

For further information, floor plans or a personal consultation, please do not hesitate to contact us at any time.
