## Details of amenities

The gallery stairs lead down to a communal kitchen, dining and living area, another bedroom and the wellness area. The villa was designed with great attention to detail. In particular the furnishings on the ground floor are exceptional: both the kitchen island and the seating area in the living room are unique to the property and were designed by the owner in collaboration with the manufacturers. Their shape is curved which opens into the space towards the large sliding glass doors that unfold into the living area towards the terrace and the lake.
